INSTRUCTIONS

Regardez la figure ci-dessous.

EXEMPLE 1

Une pièce a été découpée du grand carré de gauche. Les six pièces de droite sont d'une taille égale au morceau manquant, mais seule la pièce N° 2 complète parfaitement le dessin de l'exemple.

Regardez maintenant l'exemple 2.

EXEMPLE 2

La pièce N° 6 convient parce qu'elle doit contenir un rectangle de taille supérieure aux deux autres.

Veillez résoudre maintenant de la même manière les deux exercices suivants.
